

ABSTRACT OF THE DISCLOSURE

A pallet (10) includes a deck (14) and a plurality of legs (12) extending downwardly from the deck (14). The deck (14) includes recessed and raised areas (16, 18), wherein the raised areas (18) lie in a substantially horizontal top plane (T), and the recessed areas (16) lie in a substantially horizontal bottom plane (B). The raised and recessed areas (18, 16) are interconnected to each other by an upstanding wall (22).
